

HARMAN KARDON® MUSIC AND THEATER 1500

Complete 5.1-channel entertainment system with 70-watt receiver and compact speaker/subwoofer system

Enjoying music and movies to their fullest at home can be as complicated as you choose to make it – or as simple as Harman Kardon® engineers have made it. The Harman Kardon Music and Theater 1500 system is a complete, 5.1-channel entertainment package that takes all the guesswork out of home theater, delivering the highest possible video quality and the captivating, all-encompassing sound that you associate with your favorite cineplex. The system's advanced Harman Kardon AVR 1565 receiver features the industry's latest features and newest processing technologies, and the HTKS 9BQ speaker and subwoofer package is engineered for optimal performance with serious bass punch. With an intuitive on-screen menu system for foolproof setup and operation, and performance characteristics that only Harman Kardon engineering can deliver, the Music and Theater 1500 is a beautifully compact system that transforms the home entertainment experience.

Harman Kardon AVR 1565

Features

Advantages

Benefits

70-watt, 5.1-channel amplifier	An ultrawide-bandwidth, high-current design that delivers great phase linearity, low distortion and accurate frequency response	Extraordinary clarity and dynamic impact
HDMI® v.1.4a with 3-D, Deep Color and Audio Return Channel	True high-definition digital video and full-resolution audio with no conversion or compression	The highest possible video and audio quality
Dolby® TrueHD and DTS-HD Master Audio™ decoding	Next-generation lossless audio technologies for sound that's identical to the original studio master recording	Music and movie soundtracks as their creators meant you to hear them
Logic 7® processing	Creates a five-channel or seven-channel surround-sound experience from two-channel source material	Adds new depth and realism to older audio recordings
Three HDMI inputs	Connect up to three separate digital sources	Highest possible picture and sound quality
Extensive audio/video connectivity	Multiple connections for both analog and digital sources	Flexibility
Multidevice, programmable/learning remote control	A single remote controls your TV, Blu-ray Disc™ player and cable box or satellite tuner in addition to your AVR	Simplicity and ease of use

Harman Kardon HKTS 9BQ

Complete, system-engineered speaker package	Everything you need for a full 5.1-channel surround-sound experience	Optimal performance with no guesswork
Voice-matched speakers	The four identical satellite speakers are voice-matched to the center speaker for consistent sound from speaker to speaker	Realistic, 360-degree sound

HARMAN KARDON MUSIC AND THEATER 1500

Complete 5.1-channel entertainment system with 70-watt receiver and compact speaker/subwoofer system

Features	Advantages	Benefits
Dual midrange center speaker	The HKTS center employs dual midrange drivers for improved power handling	Clear, distinct movie dialogue
200-watt powered subwoofer	Fast-moving 8-inch (200mm) woofer	Realistic, high-impact bass
Down-firing bass driver	Interacts with the floor rather than nearby walls	Improved bass quality, installation flexibility
Video-shielded speakers	Center and satellite speakers may be placed near TV monitor without magnetic interference	Installation flexibility
Wall-mount hardware	Satellites may be wall-mounted with included brackets	Installation flexibility
Striking industrial design	Clean, minimalist look	Complements any décor
