harman/kardon®  
by HARMAN

Docking station for your iPod® or iPhone® device (including iPhone 4)

Specifications

Made for  
iPod iPhone

## ■ The Bridge III P

Is your home entertainment system incomplete without music and video from your iPod® or iPhone® device? We think the answer's "yes" – which is why we'd like to introduce our Harman Kardon The Bridge III P docking station, made specifically for iPod and iPhone devices. Born to play your favorite digital entertainment continuously through any Harman Kardon "The Bridge-ready" receiver or music system, The Bridge III P is designed to expand your entertainment options beyond your DVD and Blu-ray Disc™ player by bringing out the best in your iPod and iPhone devices. Once you're connected, The Bridge III P will work seamlessly with your system remote control to navigate and play your favorite music and video – and it'll even charge your Apple® device, so you can enjoy the show without any interruption.

## ■ Highlights

- Docks iPod and iPhone\* devices with docking connectors
- Modern, compact design
- Plays back audio files
- Plays back high-definition video from iPhone devices on select Harman Kardon products
- Compatible with your Harman Kardon system remote control
- Automatic charging station for your iPod and/or iPhone device

\*iPod/Phone not included.

## ■ Key Features

### Power

- Combines the storage capacity and playback flexibility of your iPod or iPhone device with the sonic power of your Harman Kardon home entertainment system
- Delivers powerful sound, generous range and, ultimately, new depths to your entertainment experience
- Reveals subtleties in your music you may not have noticed before, providing richer, more immersive entertainment

### Connectivity

- Angled cradle includes connectors that act as a docking station and allow you to play digital music and video from your iPod or iPhone device on compatible Harman Kardon products
- Connects to all Harman Kardon “The Bridge-ready” products, including receivers and music systems, using only a single connection
- Includes different adapters for docking all the latest iPod models\*

### Ease of Use

- Allows control of your iPod and iPhone device using the Harman Kardon system remote control to navigate easy-to-read, on-screen messages and entertainment track selection
- Plays audio and video\* from compatible iPod, iPod touch and iPhone models through your Harman Kardon home entertainment system
- View HD video – up to 720p from compatible iPod and iPhone models – and/or still photos from your iPod or iPhone device in an impressive, high-resolution format (depending on your home entertainment system’s capabilities)
- Angled cradle complements any room décor while providing high utility and a sublimely functional industrial design
- Acts as an instant iPod/iPhone charging station when connected to a Harman Kardon product that is powered on

\*Video playback offered only on select Harman Kardon products.

\*At the time this was printed, The Bridge III P was compatible with the Harman Kardon BDS 2, BDS 5, MAS 101, MAS 102, MAS 111, AVR 1650, AVR 2650 and AVR 3650. In addition, the Apple products The Bridge III P is compatible with include: iPod nano® 5th generation, iPod touch® 2nd generation, iPod classic®, iPod nano 4th generation, iPod touch 1st generation, iPod nano 3rd generation and iPod with video. The Bridge III P was made for iPhone 4, iPhone 3GS, iPhone 3G and iPhone. Please check [www.harmankardon.com](http://www.harmankardon.com) for the latest compatibility information.
