

DVD 5

5-DISC DVDCHANGER

Get in touch with your inner audio/videophile self. With component (Y/Pr/Pb) video outputs and an audiophile-grade, 96kHz/24-bit AKM digital-to-analog converter, the Harman Kardon DVD 5 delivers an entertainment experience of unsurpassed clarity from both movies and music. And it features four super-smooth scan modes, slow motion, and frame-by-frame advance, with an easy-to-use on-screen menu system. The DVD 5 lets you discover the difference high resolution can make.
